

13 October 2017

Progility plc

("Progility" or "the Group" or "the Company")

Notice of Results - update

Further to our announcement released on 11 September 2017, the Company announces that the publication of its final results for the year ended 30 June 2017 is now expected in the week commencing 20 November 2017. This change in publication date arises from slight delays in the preparation of certain final financial information and consequential delays in the audit process.

The Board's expectations of the Company's performance for the year ended 30 June 2017 remain unchanged.
